

VANGUARD

SPECIALTY PRODUCTS

Commercial Window Treatments
Your Complete Supply & Install Solution

WHO WE ARE

MAKING YOUR PROJECTS EASIER. THAT'S WHY VANGUARD EXISTS

We supply, install, and service commercial shading and specialty products with one commitment:

***we deliver what we promise,
when we promise it,
done right the first time.***

The relationships we build matter more to us than any single project. Our clients come back because they know what to expect. Consistent quality, reliable timelines, and follow-through they can count on. That trust is earned through performance, project after project.

We keep things straightforward.
Clear communication from the first call.
Quality products that meet spec.
Installations that stay on schedule.
And a team that takes accountability seriously. When you work with Vanguard, you're working with people who understand that your success is our success.

WHAT WE DO

WINDOW TREATMENTS

MANUAL ROLLERSHADES

- Chain-operated systems
- Cordless lift options

MOTORIZED ROLLERSHADES

- AC powered: 120V hardwired and plug-in options
- Battery powered: standard and solar battery systems

CORDLESS LIFT CELLULAR SHADES

- Energy-efficient honeycomb design for insulation
- Top-down/bottom-up and standard configurations

- UV-resistant, weather-engineered fabrics

INSTALLATION, WARRANTY & SERVICE

- Trained, certified installation teams
- Coordination with other trades
- Clean jobsites and thorough cleanup
- Comprehensive warranty programs
- Ongoing maintenance and service support

WHERE WE WORK

OFFICE BUILDINGS

Energy efficiency and glare control that keeps employees comfortable. Fast turnaround for TI projects that can't wait. Consistent building-wide aesthetics. Smart building integration available.

MULTI-FAMILY RESIDENTIAL

Durable, commercial-grade systems built to last through multiple tenants. Consistent appearance across hundreds of units. Unit turnover support and rapid replacement. Budget-friendly solutions without sacrificing quality.

DEALERSHIPS

Showroom-quality aesthetics. Solar heat management protects vehicles and maintains comfort. Large-scale commercial solutions for expansive glass. Professional appearance matching premium brands.

SCHOOLS & UNIVERSITIES

Child-safe cordless systems. Enhanced security with rapid blackout capability. Classroom light management. Stage and theatrical systems. Built for demanding environments.

HOSPITALS

Privacy and light control for patient comfort. Easy-clean materials meeting infection control standards. Quiet operation for healing environments. Compliance with healthcare-specific regulations.

HOTELS & HOSPITALITY

Blackout capabilities for guest room comfort. Consistent appearance across multiple rooms. Maintenance programs for ongoing support. Fast replacement for damaged units during turnover.

TRUSTED BY
INDUSTRY LEADERS

OVER
2.5 MILLION

linear feet installed for top general contractors
and national brands across North America.

HYDE PARK VIEW

THE CHALLENGE:

The challenge on this project was juggling individual resident preferences across hundreds of suites while keeping a consistent, elegant look throughout the common areas.

THE VANGUARD APPROACH:

Our consultative process understood both resident needs and facility design goals, providing a single point of contact to manage all selections, specifications, and coordination.

THE RESULT:

One partner, one process, zero hassle.
Seamless installation across diverse space types.

THE CHALLENGE:

The challenge on this project was finding the sweet spot between controlling brutal heat and glare while still letting in enough natural light to properly showcase their equipment.

THE VANGUARD APPROACH:

Our technical team specified low-voltage motorized shades with 1% solar screen fabric across two levels, giving them effortless control while maintaining the outward visibility a showroom depends on.

THE RESULT:

A comfortable environment that protects staff and customers from heat while keeping their machinery looking its best.

BRANDT GRANDE PRAIRIE

PRINCE ALBERT RECREATION CENTER

THE CHALLENGE:

The challenge on this project was installing 330+ linear feet of motorized shades into ceiling pockets while coordinating with electricians and drywallers on a tight schedule.

THE VANGUARD APPROACH:

We worked directly with all trades to sequence the work properly, integrating seamlessly rather than creating another coordination headache.

THE RESULT:

Flawless installation with zero delays and a clean, integrated finish.

THE CHALLENGE:

The challenge on this project was specifying window coverings that met the distinct functional requirements of each care level. Independent living needed style and control, assisted living required ease of operation, and memory care demanded safety and simplicity.

THE VANGUARD APPROACH:

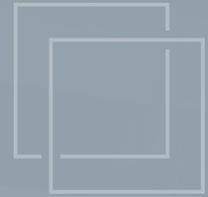

Rather than forcing a one-size-fits-all solution, we engineered tailored specifications for each environment while maintaining a cohesive design throughout the facility.

THE RESULT:

Each space got exactly what it needed functionally while the building maintained a unified, contemporary aesthetic.

THE WILLISTON

THE VANGUARD EXPERIENCE

From consult to install - one simple process.

SEAMLESS COORDINATION

Direct collaboration with electricians, drywallers, and other trades. We coordinate sequencing, solve conflicts before they impact your schedule, and integrate into your project timeline without adding complexity. No finger-pointing, no schedule disruptions, no coordination headaches.

JOBSITE READY & COMPLIANT

Certified, insured, bonded teams arrive with complete documentation—COI, Workers' Comp, safety certifications, and bonding. Professional crews who understand commercial jobsites and meet all project requirements. No paperwork delays, no last-minute compliance issues.

CONSULTATIVE APPROACH

20+ years solving commercial window covering challenges means we guide you to solutions that work. We provide value engineering to meet specs efficiently, help navigate code requirements, and support bid prep and submittals. Experience that prevents costly mistakes and saves you time.

CAPACITY TO EXECUTE

Factory-direct manufacturing and multiple installation crews enable us to handle projects from 5 units to 5000 without delays. We scale to your project demands, deliver on time, and keep your project moving forward. No bottlenecks, no excuses, no timeline disruptions.

INDUSTRY EXPERTS

We stay ahead of building codes and safety regulations—fire resistance, cordless child safety laws, ADA requirements, and jurisdiction-specific codes. We guide specification, ensure products meet inspection standards, and prevent compliance issues that delay occupancy. No rework or code related delays.

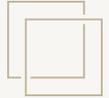

PROVEN TRACK RECORD

20+ years serving major contractors across North America with consistent quality and reliability. Professional installations, clean jobsites, and comprehensive warranty support on every project. We show up, execute professionally, and stand behind our work—every time.

OUR PROCESS

1 CONSULTATION

- ✓ Understand project requirements
- ✓ Assess application and performance needs
- ✓ Guide product selection—style, fabric, operation
- ✓ Value engineer to meet specs efficiently
- ✓ Ensure code compliance and safety standards

2 APPROVE

- ✓ All-inclusive pricing with no surprises
- ✓ Timeline aligned with your schedule
- ✓ Contract and supporting documentation
- ✓ Shop drawings for approval
- ✓ Project coordination finalized

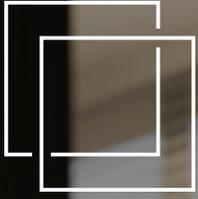

3 MANUFACTURE

- ✓ Precise on-site measurements
- ✓ Custom factory manufacturing
- ✓ Rigorous quality control
- ✓ Delivery staged to your timeline
- ✓ Ready for seamless installation

4 INSTALL

- ✓ Certified installation crews
- ✓ Clean jobsites, minimal disruption
- ✓ Final walkthrough and approval
- ✓ Warranty activation
- ✓ Ongoing service and support

WHAT OUR PARTNERS SAY

"Working with the team at Vanguard Specialty Products makes your commercial project easy. They are always diligent during the tender process to understand the project requirements and provide an all-inclusive price that ensures there are no surprises."

Once into the project, Vanguard is easy to communicate with and are quick to submit product information for approval to prevent a potential delay due to lead times on materials.

Their installation team are very professional with scheduling, completion of the work and cleaning up after themselves so there is virtually no disturbance to the end user...

All-in-all Vanguard Specialty Products makes the process very easy from tender to warranty."

Shawn Stephens

Project Manager - Quorex Construction

"Vanguard has been an excellent partner on multiple projects. They respond quickly, understand our timelines, and deliver on schedule. Sentry shades are quality commercial products, and their installation teams are professional and efficient. They make our job easier, which is why we keep using them."

Kevin A

PneuTech USA

"We have used Vanguard for a few of our office blinds projects and have been extremely happy with the work. Chris and the team are very responsive and able to understand our needs. Delivery and install are quick and efficient. I would highly recommend Vanguard Specialty Products."

Jason Pingert

Spartan Controls

"We have had a great experience with Vanguard—friendly professional team, with quick quotes, quality blinds and very accommodating with installations."

Jocelyn E. Solie

University of Regina

"We are very pleased with Vanguard's service. They offer exceptional customer service and exceed our expectations."

Facilities Manager

Government Services

"Working with Vanguard has been a pleasure. They are quick to respond to any questions we have, offer solutions and are timely in their installs. I hope to work with them through many projects."
